Dear Sir,

Mr. A.J. Dickson and Bartley Cocks & Bird

We have been instructed on behalf of the Underwriters of the Solicitors' Master Policy regarding the claim which you have intimated against Messrs. Bartley Cocks & Bird on behalf of Mr. Dickson and we now have a copy of your letter to Messrs. Bartley Cocks & Bird dated the 29th December last the contents of which we have noted.

To enable us to investigate the matter properly on behalf of our Clients we will require a good deal of additional information regarding each of the four items which are mentioned in your letter of 29th December including the following :-

1. As accurately as possible the date when the cash in question is alleged to have been paid.
2. Where the payment is alleged to have taken place.
3. Whether in each case the cash is alleged to have been handed by Mr. Dickson personally to Mr. Hoose personally.
4. In what form - i.e. if in notes then in what denomination of notes - the payments are alleged to have been made.
5. The purpose of the alleged transfer. The mention of Solicitors in relation to items 1 and 2 and of the Liverpool County Court in relation to item 3 suggests that the purpose may have been the settlement or part settlement of debts and in this event there should be files or other records which can still be traced containing information of possible relevance.

We should be pleased to hear from you as soon as possible and when we have all the information you can supply we will put in hand the necessary enquiries and then report fully to our Clients.

Yours faithfully,
